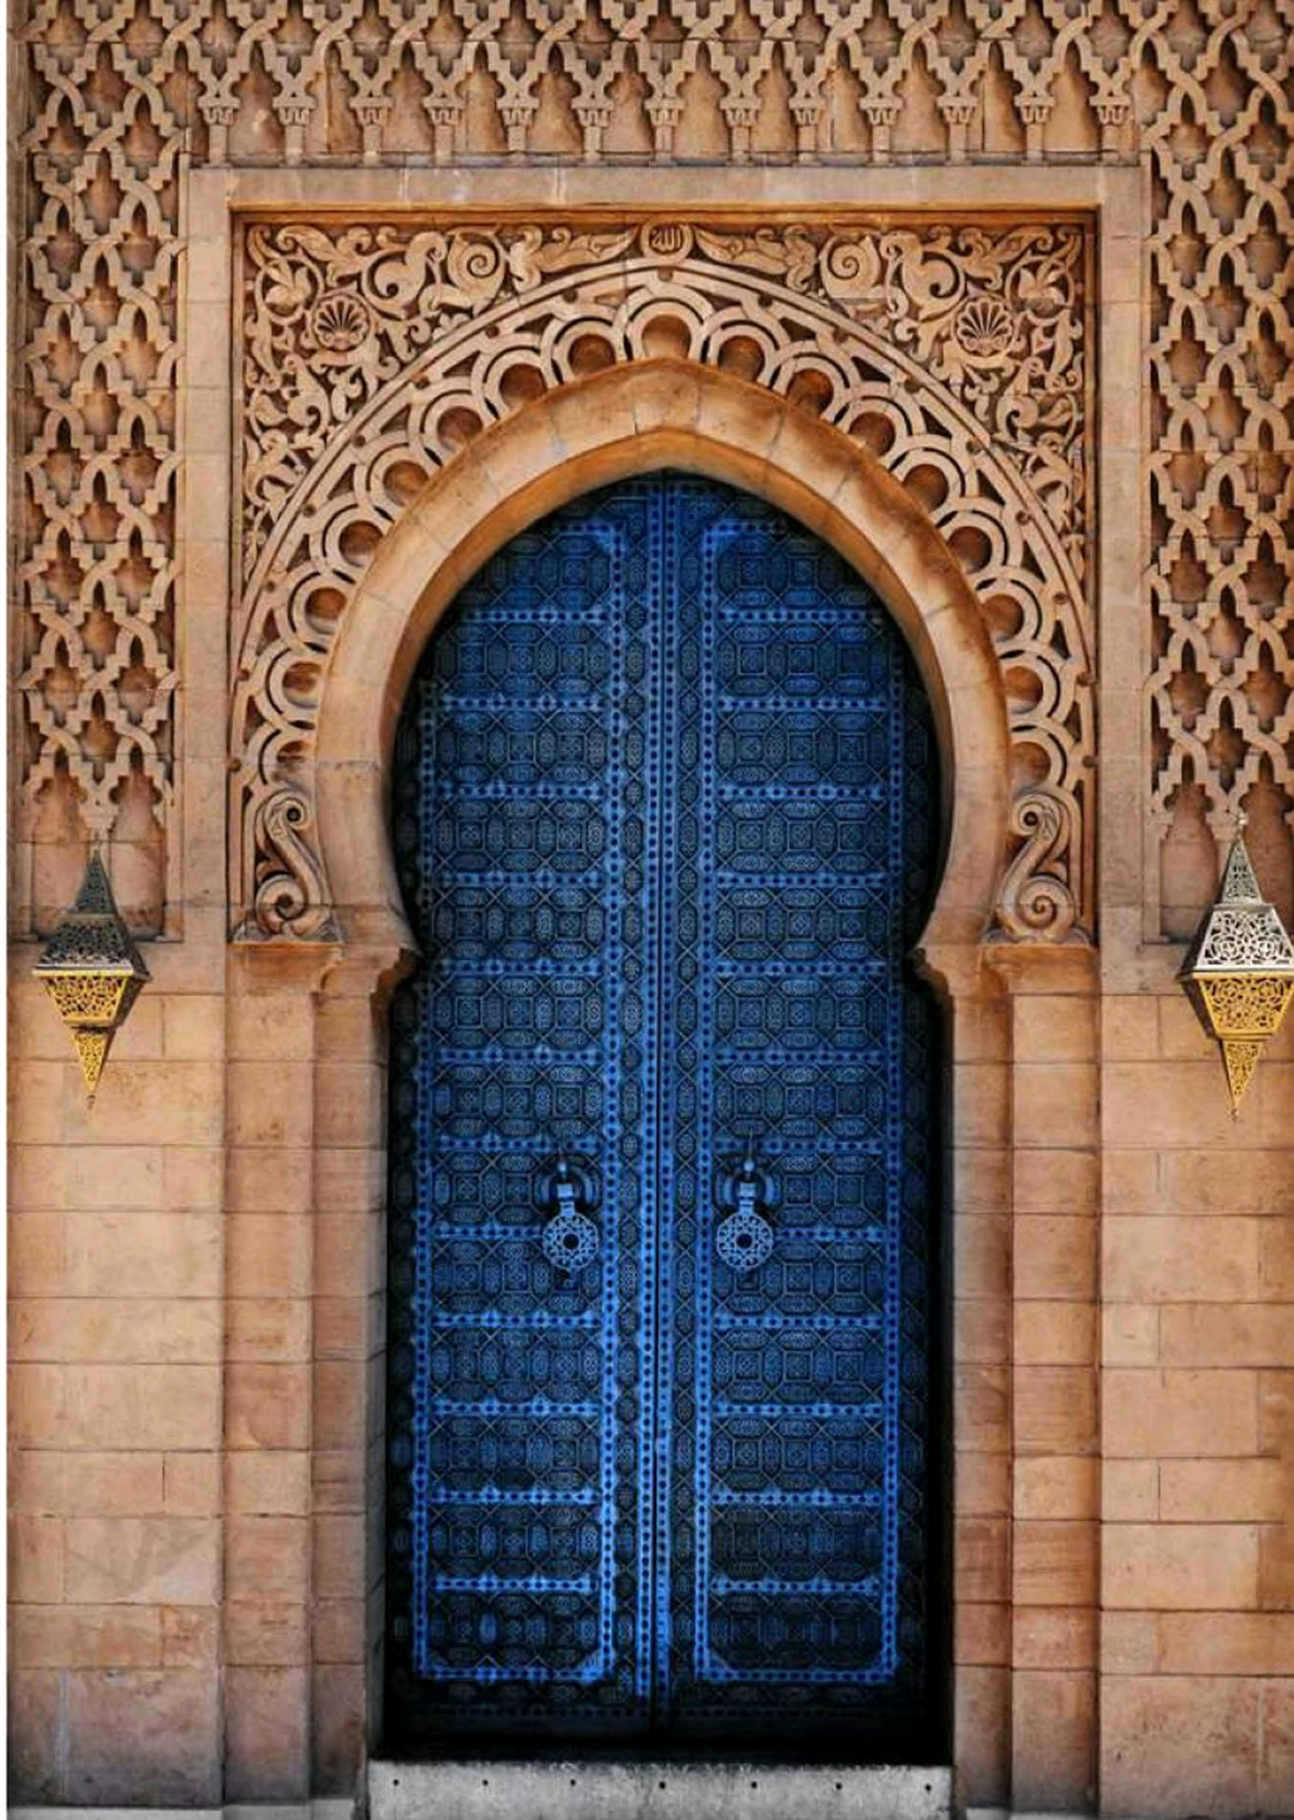
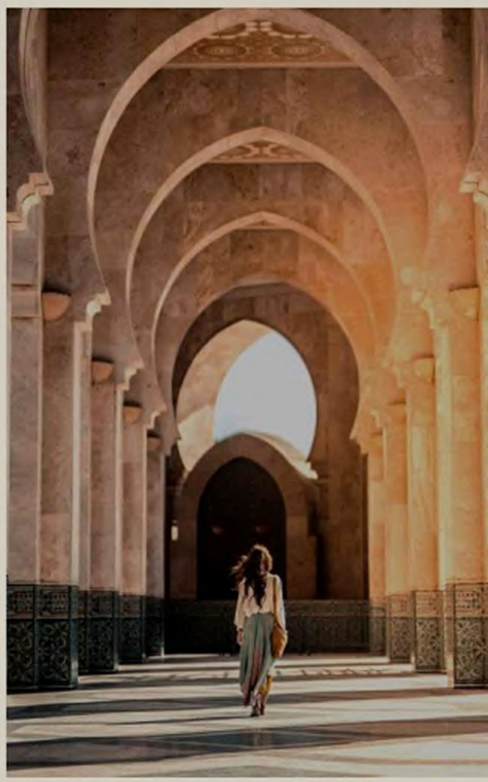
Symbols and geometric shapes are an important part in the decoration process

ERNATO suggests a set of retro allusion based on worn-out morocco designs full of geometric shapes and symbology able to fulfil any decorative styles.



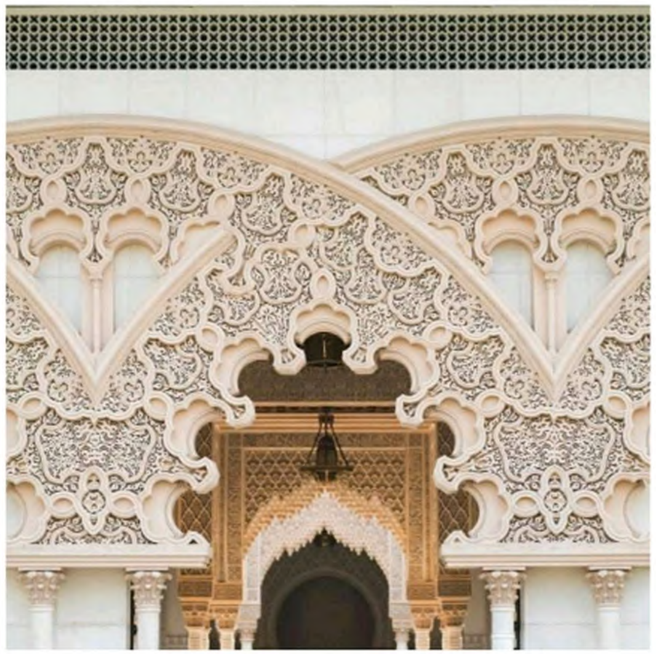
Craft
Fineness
Precission

During the design process, we were particularly careful in reproducing the handicraft effects through the latest technologies of ceramic manufacturing. Our goal is to keep the unique beauty of the craft imperfection while adding all the technical guarantees of a meticulously engineered process.



ERNATO

EXCEPTIONAL EXCELLENCE



The ceramic era inspired the idea of the glossy collection, which combines visual complexity the quality of the "aged" ornamental and the linear severity of the geometric de-cows. Soft beige and gray tones, a panel with a multi-layered floral pattern design and watercolor stripes of decorative elements everythinging is created to to create a calm yet brightly individual interior with interesting ac-cent parts.
